

# PLANTS FOR INDOOR WATERGARDENS

These plants require good indoor light from a window or skylight. Grow lights may be required in darker rooms. While some of these plants may survive with low light, they may not flower.

## Shallow-water bog plants:

*Acorus sp.*/Sweet Flag  
*Alternanthera rubra*/Ruby Leaf Creeper  
*Bacopa caroliniana*/Bacopa  
*Colocasia sp.*/Taro  
*Cyperus sp.*/Umbrella Palm or Papyrus  
*Equisetum scorpioides*/Dwarf Horsetail Rush  
*Houttuynia sp.*/Houttuynia  
*Hydrocotyle*/Pennywort  
*Iris fulva*/Red Iris \*  
*Iris louisiana*/Louisiana Iris \*  
*Iris versicolor*/Versicolor Blue Iris \*  
*Juncus sp.*/ Rush  
*Lindernia grandiflora*/Blue Moneywort  
*Lysimachia nummularia*/Creeping Jenny  
*Marsilea quadrifolia*/Upright Water Clover  
*Thalia dealbata*/Hardy Water Canna  
*Wedelia trilobata*/Water Zinnia

## Submerged aquatic plants

*Ceratophyllum demersum*/Hornwort  
*Myriophyllum aquatica*/Parrot's Feather  
*Marsilea mutica*/Water Clover  
*Nymphaea sp. & hybrids*/Tropical Water Lilies (would probably require a grow-light)

\*may only survive for one season due to dormancy requirements
